

Coaching Guidelines

Minor Bantam

This is our entry level so as an organization we want to see fair play and equal ice time for all players at this age group.

September, October, November,

Winning is a by product of development, our players will receive equitable ice time.

All players will play in all situations and throughout the game. Every player will taught the skills necessary to play, Regular shift, Power Play, Penalty Kill, and last minutes of a close game.

Goalies will rotate as the coach decides, keeping in mind that each goalie would play an equal amount of games.

Discipline as it relates to ice time will be handled by the coach as he sees fit but is to be progressive.

December, January, February, March, Play-Offs

The coaching staff will be allowed to adjust to game situations 5 times or 5 shifts during the game. This should allow for enough time (approximately 5 minutes) and coaching, giving the team a reasonable chance at success.
