## **SPRING TRYOUTS/ EVALUATIONS**

**The OSAAHA will be conducting spring tryouts/evaluations for the selection of their 2010-2011 Minor Bantam, Major Bantam and Minor Midget teams.**

**The tryout sessions will run April/23-April/25 and April/30-May/3**

**Look to the web site [ottawasenatorsaaa.com](http://ottawasenatorsaaa.com) in the next week for dates, times and registration form.**

**The purpose of the tryout/evaluation is to identify 25-30 players per age group (depending on skill level) and invite them to participate in a once a week skill development session throughout the summer starting in May. These sessions will be run on Monday nights. The skill sessions will be run by our technical director and the coaches of the respective levels. This will allow our technical director and coaches to more easily identify with the specific skills that need to be developed per group. The goal is to have our teams better prepared going into the season.**

**It is anticipated that 75% of the players invited to skate throughout the summer in the skill sessions will make up the core of the team.**

**The OSAAAHA will also be conducting a condensed tryout session Aug/20-Aug/24. Everyone who wants to make the final roster must tryout at this time.**

**Please refer to the web site for more detail as it becomes available.**

**If you have any questions contact Greg Clarke, President or Blake Callaghan, Technical Director of the OSAAAHA..**
